

About Me & Healing

My name is Agnieszka Laskus and I am a BAHA Accredited Energy Healer, a graduate from School of Intuition and Healing. Possible benefits of energy healing can manifest as improved physical, emotional, mental and spiritual sense of well-being. In my sessions I channel energy through intention, prayer, thought and gentle laying-on of hands. I connect to the energy of Source, the Universe or God of your understanding which makes the healing possible. I offer both contact and distant healing.

Distant Healing

Distant healing can happen over the phone, Skype or Zoom. It works as effectively as a face-to-face healing and has a similar format. We connect at the beginning and start of the session. You will be asked to sit or lie down in a restful position. You will have a choice to listen to any of my pre-recorded meditations to aid relaxation. I will provide you with a you tube link for that.
